

## ASCIT Elections Friday, March 7

### Twenty-Six Men Vie For Fourteen Posts

Student Body elections will be held next Friday, March 7, with polls in the houses and Throop Club open from 12:30 to 4:00 p.m. Twenty-six candidates are contesting the fourteen offices up for election. Statements from each man are included below and on page two.

#### Candidates

**President:** Bob Barraclough, Bud Mittenthal, Bruce Worcester.  
**Vice-President:** Mitch Cotton, Bob Stokely, Frank Wolf.  
**Secretary:** Bill Muehlberger, Frank Rock, Paul Saltman.  
**Treasurer:** Forrest Allinder, Bob Poindexter.  
**1st Rep.:** Bill Shippee, Bill Smyth.  
**2nd Rep.:** Myron Arcand, Mike Sellen, Dave Warren.  
**Rally Commissioner:** Jack Ottestad.  
**Publicity Manager:** Bill Karzas.  
**Athletic Manager:** Stan Barnes, Stu Butler, Larry Nobles.  
**Big T Editor:** Tom Tracy.  
**Business Mgr.:** Bob Crichton.  
**California Tech Editor:** Len Herzog.  
**Business Manager:** Bill Bradley.  
**Yell Leader:** Bruce Robinson.

## Tech Leads 50 Teams In Debate; Places In Oratory

The Caltech debate team astounded the fine arts boys and girls with their excellent showing in last week's tournament. Robert Stubbins and Darwin Freebairn took the lead early to tie up UCLA for second place in the junior debate out of a field of fifty first rate teams. John Heath and Paul Howard led a group of forty orators into the semi-finals before they acknowledged defeat. Irving Sulmeyer made the semi-finals in impromptu speech and then with Eugene Zwick made the finals in a contest of discussion.

#### PLACEMENT CALENDAR

General Electric Company—All men receiving degrees—Open.  
**March 5—**  
Proctor and Gamble Company—Electrical, Mechanical, and Civil Engineers.  
**March 6—**  
Atlantic Refining Company—Chemists, Chemical Engineers, Physicists

## Campus Calendar

**Friday, February 28—**  
Basketball game. Caltech at Whittier.  
**Saturday, March 1—**  
Track meet. Occidental at Caltech.  
Basketball game. Caltech at San Diego N.T.C.  
Blacker Party.  
Dabney Record Dance.  
Fleming House Formal Dance.  
Ricketts House Formal.  
Throop Club Bowling Party.  
**Monday, March 3—**  
Band Rehearsal in Culbertson Hall, 7:30 p.m.  
**Wednesday, March 5—**  
Frosh Luncheon Club at the Training Table, 12:00.  
Orchestra Practice in Culbertson Hall, 7:30 p.m.  
**Thursday, March 6—**  
Upper Class Luncheon Club at the Training Table, 12:00.  
Dancing Class, 7:30 p.m., in Culbertson Hall.  
Glee Club Practice in Dabney Hall, 8:30 p.m.  
**Friday, March 7—**  
Election Day for ASCIT Offices.  
Professional Society Meetings.  
**Saturday, March 8—**  
ASCIT Novelty Dance, 9 p.m. to 12 p.m. at the Royal Palms.

## 26 Pledges Elected By Tau Beta Pi; Initiation March 14

### Autograph Collecting, Brass Polishing Now Featured

If autograph hunters seem to be haunting the campus these days, don't think they are looking for movie stars. They are merely Tau Beta Pi pledges seeking the signatures of at least one hundred Tau Bate members on the campus, one of their many pledge duties.

#### 26 Men Elected

Tau Beta Pi is the national honorary fraternity for engineers and is to engineers what Phi Beta Kappa is to liberal arts students. The following is a list of the pledges who were tentatively elected by Caltech's Tau Bate Chapter on Feb. 20: Earl Beder, William Dixon, Byrne Eggenberger, Richard Ferrell, Taylor Fletcher, Bruce Gavril, Joseph Green, Bill Hammerle, Delbert Hausmann, Harvey Holm, Bill Jarmie, Warren Marshall, Albert McEuen, Walter Ogier, John Rasmussen, Carl Rasmussen, Harvey Roberson, George Scott, Lyle Six, John Swain, Robert Utschig, Robert Walker, John Whittlesey, Don Wilkinson, Bill Woodson, Byron Youtz.

These men are to be congratulated for receiving one of the highest honors attainable in their school years.

#### Initiation March 14

The pledge period terminates on March 14th with a formal initiation and a dinner at the Athenaeum. Until then, the pledges will be busy with their numerous duties—collecting autographs, polishing a large brass "Bent," writing a 500 word theme for a prize contest, memorizing the Greek alphabet, arranging entertainment, etc.

## "Y" Drive Best In Tech History

### Returns Incomplete; Over \$1300 Contributed to Date

With the returns only partly in at the time this paper went to press, the YMCA drive is already over the thirteen hundred dollar mark, and it is expected that there is fifty to one hundred dollars outstanding.

#### Dabney Leads Houses

In the houses the incomplete check showed Dabney leading with Blacker and Fleming trailing closely and Ricketts bringing up in the rear.

This is already the biggest response to a "Y" campus drive in our history and surely reflects the campus interest in the expanded and energetic program.

Wes Hershey, "Y" secretary, expressed his appreciation to all the students and faculty for their generous contributions and especially to the fifty-five men who devoted their time to making the campaign a success.

#### McKINNEY PRIZE CONTEST

JUNIORS will please note that papers submitted in this contest are due by April 25. The theme chosen for the contest this year is "THE STRUCTURE OF A MAN." The books to be read are: H. G. Wells: *The Research Magnificent*; George Santayana: *The Last Puritan*; Somerset Maugham: *Of Human Bondage*; and Sinclair Lewis: *Arrowsmith*. THE CASH PRIZES IN THIS CONTEST ARE SUBSTANTIAL. For further information see any member of the English department.

## 200 Students Required For Park Campaign Mar. 7 and 10

### Committee Asks Utmost Cooperation; Class Assignments For Tuesday Waived

Two hundred or more student volunteers are needed for a get-out-the-vote campaign for the Tournament Park plebiscite on March 13. The drive will be conducted on the Friday and Monday evenings prior to election

day and will cover every house in every district in Pasadena.

The campaign committee urges that the drive have the fullest possible cooperation from the Student Body. "The release or denial of Tournament Park to Caltech is one of the most important issues the Institute has faced in 25 years," said a member of the campaign committee today. "The advancement or retardation of Caltech may well depend on the outcome of the ballot."

## "Perpetual Motion Machines" Feature Last CES Meeting

The last meeting of the Consolidated Engineering Societies of Caltech will be held Friday, March 7, at 11:00 in Room 201 Bridge. J. Calvin Brown of Los Angeles will speak on "Fallacies of Perpetual Motion Machines." A personal friend of Professor Daughterty of the Mechanical Engineering Department, this distinguished patent attorney was persuaded by Jerard Werner of the local C.E.S. to exhibit to Techmen his knowledge of the many freakish, crank machines which will almost but not quite work.

#### Illustrated Lecture

The lecture will be illustrated by slides taken from Mr. Brown's collection and from a similar collection in San Diego. The machines discussed will be those of a primarily mechanical nature. Mr. Brown was recently Vice-President of the Western Section of the A.S.M.E. and also President of the Los Angeles Joint Engineering Council of the Founders Society. All interested are invited to attend.

#### Assignments Waived

Straight from the head office comes word that for those students who participate in the campaign, assignments for the following day will be waived.

The 200 students will be organized into ten teams which will cover all the districts of Pasadena. All transportation will be provided by the committee. The drive will be conducted from six till nine o'clock on the evenings of Friday the 7th and Monday the 10th. On both Friday and Monday, dinner in the Student Houses will be served at five o'clock.

#### Briefing Meeting Wednesday

An organization and briefing meeting will be held on Wednesday, March 5. The time is tentatively set for 11:00 a.m. pending Faculty approval. Mr. Henry Kearns, who has had a great deal of experience in organizing such campaigns, will be present.

## Shell Oil Interviews

Representatives of the Shell Oil Company, Shell Chemical Corporation, and Shell Development Company will be on the Campus March 13th and 14th for the purpose of interviewing men receiving degrees in June. These companies are primarily interested in Chemists and Chemical Engineers although there are several openings for mechanical and electrical engineers.

The Shell Oil Company, Inc., Pacific Coast Operations, is engaged in producing, manufacturing, and marketing petroleum and petroleum products in the Pacific Coast area from Arizona to Washington and including the territory of Hawaii.

Any men interested should get in touch with the placement office.

## 3 Faculty Members Write For 'Britannica'

Three members of the faculty of the California Institute of Technology have made their first contributions to the Encyclopaedia Britannica, writing for the 1947 revised printing of the reference work, it was announced by Walter Yust, editor-in-chief.

New contributors from the Institute and their topics are: Eric Temple Bell, professor of mathematics, who wrote and revised 23 articles in his field of interest; Jesse William Monroe Du Mond, associate professor of physics, "Nature of X-Rays," and Aristotle Demetrius Michal, professor of mathematics, "Differential Forms" and "Tensor Analysis."

## ASCIT Prexy Candidates' Statements Given

#### BUD MITTENTHAL

I should like to nominate Bud Mittenthal for the office of Student Body President and mention several of his excellent qualifications for this most important office. Bud entered the Institute in the fall of 1942 and was a sophomore when called upon by Uncle Sam. He returned this summer and has since been quite active in student affairs, being secretary of the junior class, chief judge at Rodeo day, and on the staff of the California Tech. I feel that Bud has the personal qualifications for the job and is acquainted with the problems and interests of the off-campus men as well as the house members, having belonged to Throop club in his sophomore year. Finally, and most important, I know Bud personally as an individual of the greatest integrity and sincerity, and I feel that he is exceptionally well qualified for the job.

Vincent Honnold.

The student body is still in the throes of a transition back to normal peacetime activities, although considerable progress has been made. The task that remains includes attaining and maintaining greater participation in extra-curricular activities. After all, our life here at Tech should include more than just the academic side. We must continue to improve the quality and scope of student body affairs for the benefit of all.

Bud Mittenthal

#### ROBERT P. BARRACLOUGH

The coming election presents, in a way, an undesired climax to the past year for we must say good-by to Lang; as fine a Student Body President as Tech has ever had. During the year Lang has done much to set Tech on the road to recovery, a job that required skill, patience, personality and the ability to "get that job done." Now the time has come to elect a successor to carry on the good work already started and to formulate new rungs on the ladder to better school government; a prime requisite for good living at Tech.

During the past three years I have had the opportunity to serve you in various capacities, ranging from section leader through Board of Control member to First Representative, during which time I have been ever cognizant of existing conditions and have done all in my power to right wrongs when they occurred. These three years have been invaluable in giving me an insight to the workings of our school government, a necessity for one who wishes to lead you during the coming year, or for that matter, during any year. These are my qualifications.

As to my promises—I refuse to make various and sundry pledges that are too fantastic to be fulfilled. However, I will say that given the opportunity to further serve you next year as your Student Body President, I will do so faithfully, making use

#### BRUCE WORCESTER

ASCIT Presidential Candidate Bruce A. Worcester, has, in his year and a half at Caltech, been an outstanding member of the student body.

As Secretary of the Board of Directors, Worcester has gained a deep insight in the machinations of this important student governing body. A wealth of experience in other fields as organizer of the Glee Club, Beaver member, Board of Control member, Greek Play participant and house functions of all kinds makes it all the more apparent that Worcester has the necessary qualifications of experience, capability and interest to successfully lead the student body.

A well developed platform consisting of (a) a sound financial policy for the ASCIT, (b) coordination of and more publicity for, student functions and (c) more school policy determination by the ASCIT, is indicative of Worcester's desire to serve the student body.

A vote for Worcester is a vote for the type of leadership that an active student body wants from its president.

Frank J. Wolf,  
Nominator.

of the acquired knowledge of three years, and ever striving for that much desired return to normality.

Robert P. Barraclough,  
Nominator: Don Hibbard.

The California Tech

Published every Friday during the college year except during examinations and holiday periods. CALIFORNIA INSTITUTE OF TECHNOLOGY 1201 East California Street, Pasadena, Calif. Subscription rates: \$1.50 per year.

Candidates' Platforms

VICE-PRESIDENT "MITCH" COTTON In nominating "Mitch" Cotton for the office of Vice-President I believe I am naming the most logical man to hold this important office.

BOB STOKELY The office of vice-president requires not only a keen interest and willingness to accept responsibility, but in addition a background of participation in a variety of school activities.

FRANK J. WOLF Election time is the time when promises flow freely and cigars are plentiful. If luck should come my way and I am elected, I will carry out these promises to my best.

FRANK J. WOLF (continued) I will try to represent the interests of the student body to the best of my ability, and with this pledge I accept the nomination for vice-president.

TRACK CAFE

Full Course Dinner \$1.25 1076 East Colorado Street SYcamore 3-6356

Wynn Mace TENNIS SHOP All Standard Rackets Tennis, Badminton, Squash SPORTS GOODS 904 East California Street SYcamore 6-5804

Honor System on campus. Second, investigate and, if necessary, find remedies for the existing unit system as far as class work is concerned.

As a last note I would like to add that this is YOUR school, it is YOUR duty to vote and to elect the officers which YOU want.

Frank J. Wolf Nominator: Bruce Worcester

SECRETARY W. R. MUEHLBERGER

This is obviously the place to make great campaign promises, but I feel that this is unnecessary for a candidate for the office of ASCIT Secretary.

I have nominated Bill Muehlberger because he is the obvious choice for the post. He is a football letterman, active in the "Y", one of the chairmen of the "Y" lecture series.

So, for the best man, get the biggest (by cubic displacement) man—Bill Muehlberger for Secretary of the ASCIT.

Bill Muehlberger Nominator: Bill Smyth

FRANK ROCK There is no other office connected with the ASCIT which requires as much conscientious work or more integrity than that of Secretary.

Bill Shippee, nominator

PAUL SALTMAN

The next year at Tech will be one of the most important in our history. We have become a big team working toward one goal—putting Tech on top in scholarship, athletics and student activities.

Paul Saltman Nominator, Norman Lee

TREASURER F. S. ALLINDER

The office of ASCIT Treasurer demands the several qualities of energy and interest, experience and leadership. I believe that I possess these qualities in such a degree that I could fill the office not only competently, but well.

While handling Army payrolls I gained the necessary accounting experience; as president, secretary and treasurer of various clubs in and out of school, and as section leader every term since I entered Tech, I have gained valuable administrative experience.

As a last testimonial to my skill, I quote Al Einstein, who once said, "Allinder's bookkeeping is relatively correct."

Forrest Allinder Nominator: Dan Drew

BICKLEY PRINTING COMPANY A Complete Printing Service From Stationery to Publications 25 South Fair Oaks Avenue SYcamore 2-6594

BOB POINDEXTER One of the most important duties of the treasurer is to keep accurate and up-to-date records of all expenses.

Bob Poindexter Nominator: Dick Alexander

FIRST REPRESENTATIVE BILL SHIPPEE

As social chairman of the ASCIT, the office of First Representative at Large requires a tremendous amount of work and planning. Bill has been social chairman of Ricketts House during the past summer, and Vice-President this year.

Bob has stated the qualifications I have for the job, therefore there is no necessity for me to be repetitious. The only statement which I have to add is that if elected I will try to the best of my ability to provide the best social program possible.

Bill Shippee

BILL SMYTH

The keynote of my platform will be increased interest in relations with other colleges in the vicinity. It would certainly be an asset for us to be better acquainted with such schools as Oxy, Pomona, Whittier, Redlands, and Scripps.

The rest of my platform shall be continuation and improvement where possible of the present social activities. I hope that you, the student body, are in favor of such a program and will let me serve you in this manner.

Bill Smyth Nominator: Bob Barraclough

SECOND REPRESENTATIVE MYRON ARCAND

Myron Arcand's qualifications for Second Representative at Large are high indeed. Entering Tech from service in the Army Ground Forces, he immediately showed his mettle as a student as well as participant in outside activities.

Mike Sellen

I nominate Mike Sellen for the office of Second Representative at Large. A member of the frosh class, Mike is active on the band and orchestra, and is a feature editor on the "California Tech."

The representatives at large are members of the Activities Committee and the Board of Directors. It is their job to see that the student body is well represented on these boards.

William Haefliger, nominator With the resumption of campus and house functions there have already been many conflicts in scheduling various activities.

CORSAGES LAKE FLORISTS for the house formals at 104 SOUTH LAKE AVENUE CALL SYcamore 3-6803 OPEN EVENINGS

Activities Committee and your Second Representative I would work to see that such conflicts did not occur, and that no activity should suffer in the scheduling of events.

Mike Sellen

DAVID WARREN

Gentlemen: Undoubtedly one of the most important positions in the ASCIT Board of Directors is the Second Representative, since he is responsible for keeping the calendar of school events running smoothly.

David Warren Nominator: Bill Cox

ATHLETIC MANAGER STAN BARNES

In the coming year, Tech is looking forward to an expansion of its athletic program. With the possible acquisition of Tournament Park, the generally improved spirit and the return of many of last year's lettermen, the season of '47-'48 should be one of Tech's best.

Stan Barnes Nominator: Paul Saltman

STU BUTLER

One of the primary duties of the Athletic Manager is to promote Intercollegiate Athletics on the campus. We must continually impress the powers that be that the students want and need athletics.

Stu Butler Nominator: D. H. Furth

LARRY NOBLES

Larry Nobles has demonstrated during his years at Tech not only an active participation in sports (tennis letterman, cross country), but the ability and willingness to support all Tech activities.

Donq MacLean, nominator Caltech cannot, as some nearby institutions do, recruit the cream of the athletic crop from nearby high schools. It is generally assumed, however, that

we have the best instruction in the scientific fields; but we must not stop here. We must provide top-flight coaching and the best facilities for all sports, intramural and interscholastic, in which Egor B. Vor wishes to participate.

Larry Nobles

CALIFORNIA TECH BUS. MGR. BILL BRADLEY

I am running for Business Manager of The California Tech because I believe that I can do the job well. My qualifications for the position are the best possible; those qualifications which one can obtain only by being the Business Manager as I have been for the last two terms.

Bill Bradley Nominator: D. R. Opperman

YELL LEADER BRUCE ROBINSON

My statement is "Enough has been said."—Your future Yell Leader. Bruce Robinson Nominator: Tom Tracy

UNCONTESTED OFFICES

Because of lack of space, the California Tech is unable to publish the platforms of uncontested candidates. We also regretfully omit this week our regular features, including editorials, Musical Baedeker, Veteran's Affairs, and exchange column, as a public service feature in the interest of the elections.

# Beaver Spikemen Win Conference Relays

## Beaver Hoopers Top Redlands In Thriller; Whittier Next

Share Third Spot With Bulldogs; Meet Poets Tonight in Last League Game

Those unpredictable Beaver basketballers were hotter than the proverbial firecracker last Friday night when they outplayed and outscored a scrappy Redlands five 46 to 42 at the Armory. The inspired Tech quintet played sharp, fast ball the entire game, showing class that the Bulldogs couldn't match. Grabbing a six-

## Fleming Tops Throop For Baseball Flag

Last Game of Schedule Decides League Winner

Last Wednesday afternoon saw a bitterly contested diamond duel as Fleming and Throop vied for House Baseball honors. After a two-inning scrap, the Fleming nine emerged masters of the situation, with the off-campus men on the low end of a 3 to 1 score.

Fleming's chucker, Chuck "The Arm" Norman, fanned two thirds of the Throopers who faced him, and allowed only a solitary run. Throop's flinger, Jack White, allowed four hits and as many walks, as Norman, Shore, and Sellen ran the tally mark to three for the Athletes.

### Dabney Second

Dabney clinched second place in the standings with a 6-3 victory over Blacker to run their win string to three out of four. A big third inning gave the Dabneyites 5 runs, while Blacker could only muster 3 in their half of that frame.

The men from Throop at least assured themselves of third place by swamping the Ricketts team last Monday; it was easy sledging for the victors as 10 of their men crossed home plate, while the Rowdies pushed only two men home.

As a result of being baseball champs, Fleming has virtually assured themselves of retaining the Athletic Trophy. They lead the other houses by 31½ points, with only three sports left to go. Dabney can still win, but they must sweep all remaining events, while Fleming only has to finish fourth.

### Final Baseball Standings

	Won	Lost	Tied	Pct.	House Pts.
Fleming	3	0	1	.875	119½
Dabney	3	1	0	.750	88
Throop	2	2	0	.500	45
Ricketts	1	3	0	.250	73½
Blacker	0	3	1	.125	56

point lead in the first few minutes, the Beavers bore down and held it until half-time, although Redlands pulled up with eight quick points in the last two minutes of the first half and as the gun sounded the score read 22-21. **Tight Game**

The lead seesawed back and forth the second half, neither team being able to pace the other by more than four points. Going into the last five minutes of the game, however, the Beavers burned up the floor, stepping out with a 12-point lead which the Bulldogs futilely attempted to close.

### Brilliant Offense

Fast and clever ball handling and accurate shooting spelled doom for the Bulldogs' cause as the Techmen turned in brilliant team play and spectacular individual performances. Ted Bowen grabbed high-point honors for the Beavers, netting 12. Forward Don Furth and center Paul Saltman each pulled in 10 markers for the evening.

Guards Bill Cox, Harry Moore, and "Moon" Mullen played fine defensive ball as did Manuel Bass, Tech forward; Cox sank six while Bass accounted for seven, and Moore one.

### Move Into Third Spot

By winning this game, the Beaver hoopsters move into a tie with Redlands for third place in the league standings. The Bulldogs, incidentally, won from Tech earlier in the season by the same score that the Beavers took Redlands in last Friday's game, 46-42.

### Whittier Tonight

The casaba men wind up league play tonight when they meet the Poets at Whittier. If the Beavers can topple the undefeated Whittierites they could finish with Oxy in a tie for second spot behind Whittier.

Tomorrow night, the Varsity and Jayvees will meet the Naval Training Station at San Diego in the final contest of the 1947 season. Gametime for the Whittier and San Diego games will be 8:00 with the preliminary at 7:00.

Doug McLean winning the 4 man J. V. Mile Relay

## Techmen Squeeze Victory Over Oxy, JV Teams Star

In a real old fashioned thriller the Caltech spikemen edged the Oxy tracksters in the conference relays last Saturday afternoon. The meet was close the entire way, and with one event to be run, the mile relay, Tech led Oxy by a scant 2/5 point. The meet hinged on which of the two beat the other since Redlands trailed by 6 points and even a win would not let them in on the payoff. Things looked bad for Tech as the Oxy men took and held a decided lead for the first three laps, but in the final lap Ken Shauer raced around the oval in 49.5 s. to pass the speedy Oxy anchor man and land Tech in second place for the race and give the nod to Tech in the final results! The Beavers score was 36 3/5 points, followed by Occidental with 35 1/5, Pomona, 30 3/5; Whittier, 27, and Redlands, 22 3/5.

### All Techmen Look Good

The meet was won by fine performances of Doc Hanes' charges in practically every event. The Beavers garnered five first places, and three of these were by the Junior Varsity relay teams who won every event for their class. Joe Green, Kent Terwilliger, Doug Brown, and Doug McLean pulled the first Tech win out of the hat in the JV 4 man mile; and the winning combination in the half mile relay was composed of Dave Madden, Green, Dick Cornelius, and McLean. They then followed through for a clean sweep in their events as Madden, Cornelius, John Kariotis, and Doug Brown brought in first honors in the sprint medley.

Another of Tech's firsts was in the varsity half mile relay with Chuck Shaller, Earle Brown, Bob Funk, and Shauer teaming up to produce the results. The win in this event gave Tech permanent possession of the trophy for the half mile relay as this is the third year the Beavers placed first. Don Tillman in the shot put provided the Beavers' remaining blue ribbon. Big Don also placed second in the discus to win honors as Tech's individual high scorer with 8 points.

Tomorrow afternoon at the Tournament Park oval Tech meets Oxy in the first dual meet of the season.

### Events in Which Tech Placed

Pole vault: Walt tied for 3rd. Discus: Tillman, second. High jump: Walt tied for 3rd. Shot put: Tillman, first, 45' 8". JC mile relay: Tech, first, 3:38.2. Distance medley: Tech, second. (Simons, Marshall, Barnes, Cole). 880 relay: Tech first, 1:29.6. JV sprint medley: Tech first, 3:52.1. JV 880 relay: Tech first, 1:34.3. Mile relay: Tech second, (E. Brown, Simons, Barnes, Shauer).

## The Record of Past Varsity Baseball Teams at Caltech

With the baseball team still in the throes of conditioning practice this week, the lack of material prompted us to do some prying into the dusty records of the Athletic Department. We came up with some rather despondent records about those who played baseball for Caltech in the last 20 years. For instance, did you know that we have beaten Whittier only 8 out of 37 tries since 1922? Not to offer excuses, but it is whispered about that they "encourage" athletes to come to Whittier to absorb the Quaker atmosphere. Such reprehensible action would be unthinkable at CIT. We've done better against Oxy, yet the record stands at a sorry 18 wins and 32 losses.

### Navy V12 Team

The best team we ever had was in '45 when those stalwart defenders of our country's shores—the Navy V-12—made baseball history by winning 8 and losing but 1, a 9-11 game to USC. That year we played USC and UCLA two games apiece as the conference was disbanded during the war.

### Tied for Pennant

The only other year of pennant hopes was 1922 when we

### Campus Brewins

My God, our BMOC's have been getting sickeningly friendly of late. People who never used to speak to me now greet me with Ipana grins and ask about my love life. Couldn't have anything to do with elections, of course.

### Travelers

Mileage record for the trip to last Saturday's dance at the Riviera Country Club is held by Gene Cook and Dan Markoff of Dabney. Starting from Pasadena they picked up their dates in Pomona and Long Beach respectively, thence to the dance, and the whole trip over again on returning.

### Triangle

Dean Johnson and Clay Englar have been giving Peggy Briggs, of Browning Hall, quite a rush. Incidentally, Englar is also giving Vince Honnald a hard time with Mary Stansbury.

### Persiflage

Dave Pollard and Fred Smith, Fleming stay-at-homes, showed up at the ASCIT dance.—Stan Harrison has been raiding the Pasadena Playhouse rather regularly of late.—Lang Hedrick has been suffering from a strange malady. As the evening draws on he develops a peculiar stiffness in the right elbow which can be cured only by cold applications at the Skip-Inn.—Ed Mitchell has been ordering orchids by the dozen.

### Brawl

I've been hearing lurid reports about this party that Bud Mitten-thal and Mitch Cotton attended last week, at Joanne Schoneborn's house. Rather a contrast to the knitting party featured in this column last week.

Guests at a recent party given by Natalie Nelson were Technen Stix, Schuyler, Walquist, Bible, Forrester, Murphy, Honnold, Stokely, Boutelle, Eschner, and Hibbard.

### Snake

The thought of an EE quiz the next day was too much for J. C. Bear so he took the easy way out and went out on a date.

Love blossoms in the spring! Latest engagement to be announced is that of Audrey Fern Wilson to Chuck Quirmbach.

Stan Barnes and Bob Davis were out to Scripps last Sunday night.

There's a plot afoot in Dabney. Next time teaser extraordinary Doris shows up for dinner the boys are going to try hard to ignore her completely.

### "Die for Dear Old Blacker" Spirit

Al Puder, who suffered a broken leg during a baseball game between Blacker and Ricketts early last week, is out of the hospital and recovering rapidly at home.
