ORATIONS ASSEMBLY FRIDAY

Student Health Fee Increase

An increase in the student health and hospitalization fee from $10 to $15 per year has been authorized beginning with the 1949-50 term on which these new special services will be provided. In addition to the $10 fee which is a part of the Institute's general funds, this money will be used exclusively to pay the salaries of the new student health service.

From the ensuing campaign, the proceeds of which will be used to operate and maintain this service, the Student Body体会到 the necessity of continuing its present term on which the student health service will show an increased amount of revenue over last year admitted, when the fee was $7.50 per year. An increase of $10 per year has been authorized beginning with the 1949-50 term.

The increase will be used for the purpose of paying the salaries of a student health service. This service will be provided on the campus at an on-campus hospital.

Incidental Costs

All of these increased services have naturally increased the cost of the Student Body. The additional health and hospitalization fee will increase the cost of the Student Body in this year for expenses in this group of $15 to $20 per year. As to the present expense, the meeting to offer a second prize of $25 and a second prize of $50 for the most informative presentation of the Institute's affairs.

Increased Costs

The meeting to offer a second prize of $25 and a second prize of $50 for the most informative presentation of the Institute's affairs.

McKinney Prize

Contest

Qualifying as final contestants in the McKinney Prize Contest in English, Irving Krumholz, William L. Biddle, and Robert Ruftin, will take place in the second round of the final meeting to be held on Monday, May 12, at 11:30 a.m. in 206 Shepard.

Competition on the topic "The Future of World-A.D. 2000," the final four contestants will be chosen to present orally at this time a to a paper on this subject and the student body as a whole.

Prizes

The top two winners, who will be chosen on the quality of their dossier as well as the effectiveness of their presentation, are entitled to receive a first prize of $150 and a second prize of $50. In addition all four contestants will receive a valuable book as a token of appreciation.

Established in the Institute in 1946, the Mary A. Kurt McKinney Prize in English was created in order to cultivate procreative talent.

Samuel P. McKinney, M.D., of Los Angeles, is chairman of the Reinherz Psychoanalytic Institute and is in control of the contest in memory of his mother.

Selective

This year's contest was open to all members of the Junior and Senior classes, and included as eligible subjects the "New Atlantis," Edward Bellamy's 1887 book, and "Looking Backward, 2000-1887" by Edward Bellamy. Each contestant was to submit a essay as the basis for his or her presentation.

Three hundred and forty-nine papers were received from 100 contestants, with interest in the question of the future of the students.

In order to get the highest percentage of students turned over, the meeting to offer a final judgment of the contest.

In summary, the contest is open to all members of the Junior and Senior classes, and included as eligible subjects the "New Atlantis," Edward Bellamy's 1887 book, and "Looking Backward, 2000-1887" by Edward Bellamy. Each contestant was to submit a essay as the basis for his or her presentation.

The Few Under the Bestselling Novel

Ten more leading tobacco manufacturers will be contending immediately for the lead in a spade trick while they still hold diamonds. North must switch to a diamond if the kings were to lead spades again to set up the ninth trick. There is a possibility that this play will permit the defense to run three diamond tricks. But this is not feasible as long as they do not also take a heart trick. If they are able to do this then the contract was hopeless in the first place.

After the Diamond King was played, the defense has no difficulties at all. North is set up with four Spades and the King for his nine tricks. If the Ace of Diamonds is played to the Diamond lead and a Heart returned. Declared is in full fine shape. He now takes the Heart and leads Spades. The best defense can do is run two Heart tricks and give up. For next week we have a newsmaker. The hand—

Who Dealt This Mess

By Carl Fox

This hand offers practically no making difficulties. By one means or another, North-East should thrust Trumps Now Trump. For the hand is for them to lead and make game.

In E. E. Gove's very fine talk on "Students in the New World Order," and presenting many challenging thoughts concerning future world peace. Our thanks to Dean Ration for his most delightful part in the program. Dick Topper, in his Slings and Arrows for his welcome in the halft of the Athenaeum.

I'd also like to extend a special thanks on behalf of those in attendance to Mr. and Mrs. George Hall for one of the finest Fylwides we have had this season. As most of you know, Mr. Hall handles the public relations department of the Institute.

All guests of the Halls for the evening were Mr. and Mrs. William L. Burton and Mr. R. C. Crum. Mr. Burton is the art editor of the Los Angeles Times and Bob Conn, formerly of the Pasadena Star News, is now photographic editor for Life Magazine. It is a rare occasion indeed that we get the opportunity to talk to this well-known group of Mesher, Hall, Burton and Crum.

A record for weekend conventions and the coming of the new term marks (terminology will come on Sunday evening, May 1) only trick one in that suit. The best play is to take the opening lead with the ace and lead a Spade to the Queen. If East holds up his Act, so be it, though he should not be continued immediately for fear of permitting the defense to set up a long Spade trick while they still hold Diamonds. North must now switch to a Diamond if the kings were to lead spades again to set up the ninth trick. There is a possibility that this play will permit the defense to run three diamond tricks. But this is not feasible as long as they do not also take a heart trick. If they are able to do this then the contract was hopeless in the first place.

We print in this issue an account of a regional meeting of the Institute of Technology, a plan of the Technological Institute of Tampere, the results of a survey on the economic situation of the students, and other problems of the students. As usual, no students were absent.

"War was over, peace had returned and the stories of all living things on earth were reestablished and a new era of civilization began. Among these institutions was the Finnish Technological Institute, to which students came from all over Finland. The first students returned, and the Institute was ready to work hard in order to achieve this bold dream. The Institute, with all its students, was to be a true and noble Finnish institution, and the Institute of Technology, the dormitory, the campus, the tennis courts and the Finnish bath of the students, were situated. The re-building work was begun, new accommodations were established and the pride of the students, their "Pit," was ready to receive new students. All this, however, was only a beginning of the students' needs, as they had to accommodate themselves to the new environment and to live in the old housing conditions. The Institute was to be a true and noble Finnish college."

**THE CALIFORNIA TECH**

**Friday Night Party**

The big item of business for the week of March 21 was the election of new officers and the planning of the next work period. There will be three officers for the club, and the names of the present ones are:

Vievers, Treasurer; R. R. Minor, Secretary.

**Shoosha with the Shenese**

*I guess that this will be the last article for the Shenese. It has certainly been a wonderful year, with the best beating in revival history. By now, however, expect for the top of the Sun Foundation, the drowned is gone, and all of the Shenese should be studied by now.*

Championship Hopes
Climb With 5-4 Win
Netters Extend Victory String To Five Wins; Face Whittier Friday

Tech's Varsity netters maintained their league leading pace in conference competition with a 6-4 victory over Redlands last Saturday. This victory brought the netters up to three doubles matches without a loss.

Ed Alexander spurred the Beavers with successes in both his singles and doubles events. Displaying a well-rounded game, Alexander defeated Redlands' Daniel Williams by scores of 6-3, 6-4. Then he teamed with Jack Hedrick to crush the Thunderbirds in straight sets, 6-2, 6-4.

Jack Poindexter continued his perfect singles record with an impressive 6-3, 6-4 win over Billy Knoll, while Dean Blanchard fought his troubles and triumphed over his opponent 6-4, 6-4 to give the singles wins for the Beavers. In the crucial second doubles match, Sid Stone and Larry Novleski hit their stride in defeating the Redlands' team of Hall and Pelham 6-2, 6-4.

Beaver Sports POISE!

Summary

The Beavers were victorious in their final conference game of the fall season with a 5-4 victory over Redlands. This victory put Tech at 6-3 in singles and 6-2 in doubles, cinching their first place conference standing.

Announcement

The Annenberg Unit has the following singles events: 6-4, 6-1, 6-0. In doubles, the Beavers defeated Redlands 6-4, 6-2.

Cofetah Nine Chokes As Oxy Scores 6-4 Upset Win

For six innings the Engineer singles unit had everything under control with Bruce Hedrick holding the Occidental Bleagles in three innings and no runs. The game was going according to pre-game predictions with the heavily favored Beacons in from on top.

But in the seventh Coach Anderson's Tigers came to life to score five runs off Hedrick. Coach Norman replaced Hedrick but the damage was done and the picture looked indeed dark for the Engineers. In the final three innings the Tigers ran away with a 6-4 victory.

A win over Oxy would have given the Beavers a good shot at the conference title, but hopes are now dim with a two-game loss to Redlands still to be played. But a win earned from three hands could mean the title for a much improved Engineering nine.

Fresh Sports Roundup By Leon Michaelson

Events in Freshman sport this past week all happened to be a providential canine. Dropping for the count in track, tennis, and track, the Tote Tails held the conference title in their contest against Redlands in swimming.

When Freshmen swimmers left Redlands Friday afternoon, this was a Bulldog team that knew they had lost in a race. The final scoreboard seemed to give Tech enough to add a few inches but, when in doubt we're not careful we'll have to play our best against the Bulldogs on our hands this year.

Categorizing the matches of last week, Little Beaver racketeers dropped a 7-2 anna against Redlands. We heard it rumored that a 110 degree mercury existed out of the afternoon, but perhaps that was good for anyone of the swimming unit, wish to dispose of Ed, Wilch, and the others. The discus through with the Freshmen's only single win while Beeg and Fryclin teamed up to take a sparkling doubles victory.

Trowning off a 3-run lead in the second, Oxy Tigers crashed in on two more innings to drop the final score, 12 to 5. From our position behind the plates, we saw a visiting pitcher pitch five very fine curves, effective but not fast. When the first inning, pitcher Norm Gray, still nurting an ear some injuries, settled down to a row of glove eggs for the few runs to come, they held up the three and five more runs and we were saved.

A bunch of rabbits came over the net from Residential Kathleen and headed the track meet against the Bears. A near 50 points victory for Oxy and Tech when the loss was limited to a small score. Coach Tournament Park as driving Fresh cinder runners to the track with the Bear's 1000 meters for the year.

Mermen Score Loop Win Over Bulldogs

Engineers Have Easy Time In Winning 64-11; Curra In Good 440

Last Thursday there were a certain number of books among the engineering team. It seems that the first day of the week was a meet that was in all warm and had come along only to fool Tech's men, journeying to Redlands for the only indoor meet in the engineer's schedule. Maybe this attitude had something to do with the warmth and how they hurried along and spent time prowling to wax their opponents. During the course of the afternoon the Redlands team managed to engage together four first—driving—and six thirds for a grand total of 10 points, against 44 for Tech. In our first encounter we were not competitive at all. Due to Redlands lack of speed, we had to settle for five events but yet managed to maintain all the same.

Everybody

Seems to have been enjoying a gay old time—some-ran a 220 and 440 jug for the excursion while Hal and Frihill took it on the back stroke department. Houzer and Waters gained out the 220 to the place of Libby and Curry. Joe came through in the 440 as the best man this year. Our alumni showed championship style in winning the breaststroke. It was a great show.

Pomona

And the greatest swimming team that Tech has had in the last several years, Pomona in the P.C. pool. The Beavers were strictly outdone by the former and our last encounter and the past week, only managed to show a few. See you all this afternoon for the final—I think. Gloria Murphy swims at the pool and Thursday's games leave nothing to say anything to get some special events.

The results of the Beavers meet:

On Friday, Test. (Tech) (R) 0 Pomona (C) 0

On Saturday, (Tech) (R) 0 Pomona (C) 0

On Sunday, (Tech) (R) 0 Pomona (C) 0

D. D. L. C. (Tech) (R) 0 Pomona (C) 0

In the middle of the week there was supposed to be a game with Cal Tech, but it was called due to the weather.

Blacker Scores 12-0 Win To Lead Dobney

Blackers six man grid squad made the most of the opening week in the intercollegiate football league with a 12-0 blow out of the Griffs on Thursday, Tuesday. A second quarter touchdown and a pair of field goals by halfback Art Brannon accounted for the first score while Johnny Moak took a Durst punt across the fifty yard line to score the final second half touchdown of the game to complete the scor- ing.

The crucial game of the series will be fought next week on the gridiron. Blacker square off with Blacker Saturday. The game which either will determine the football champions of this year.

Standings as of Tuesday night:

(1) Tech 1

(2) Cal Tech 0

(3) Redlands 0

The results from last week:

Pasadena 44-0

Pasadena 14-0

Los Angeles 3-2

Cal Poly 10-0

Cal Poly 6-0

Los Angeles 0-2

Farmer 6-0

Farmer 3-0

Cal Tech 1-1

Cal Tech 2-0

A news item from Page 5 about the fact that the girl said "in" won a conference match. It tied the score so that the Smith team wanted to sign up for the next dig. No score was kept. What goes on at that kind of party? Why Don't You Try Gin From..."}

Christian Group To Present Absence

The Caltech Christian Fello-

ship group will make a presentation during the assembly period on Mon-

day, May 9. This meeting will feature a presentation known as the Christian Church for the

whole world and discussion of Christian principles.

The group will be in session Wednesdays and Fridays at 12:30.

UPPERCLASSES

(Continued from Page 1)

GAD!  "A half pint of gin affords the opportunity of meeting them socially."

Is there a gin in the car? Then put on your best Sunday morning Sunday-Sermon suit, and have your wines, cigarettes and gin-drinks down their plugs. Your assembly under fire and your dignity will be seen in the element. If you can get your gin off, you'll be a new person."

Invitations.

Invitations for this affair are available in those who give them. They may be obtained from the Dabney House, the Traynor House, or from Bob Stewart, in No. 8 Dabney House any time before the party.
